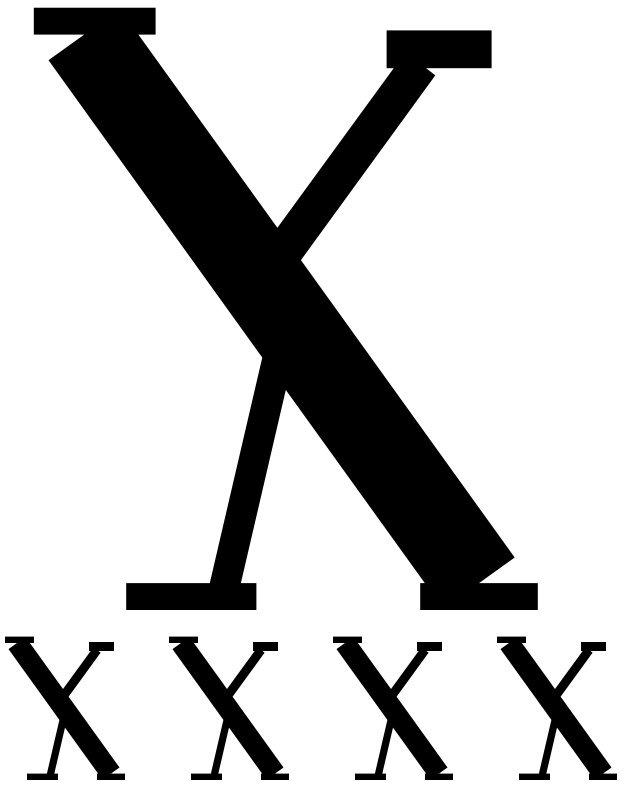
Production aleph — roman height and small-cap alternate

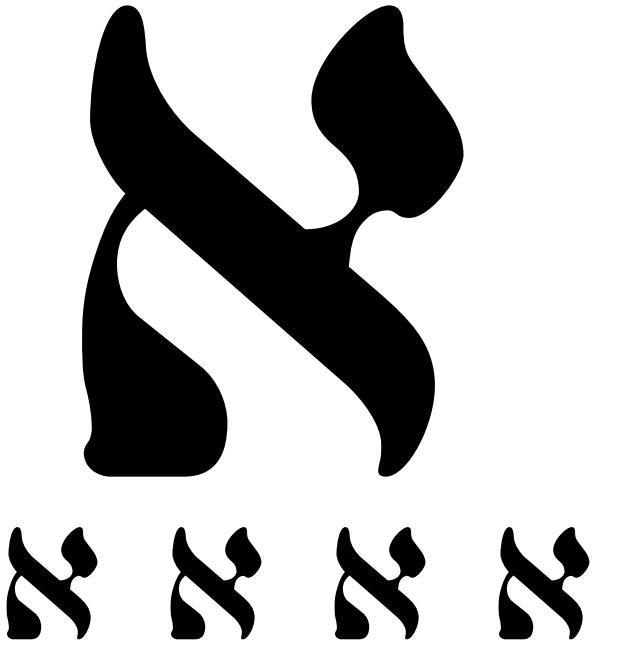
Vertical stretch to existing roman ink height; width unchanged. Smaller drawing retained as a small-cap alternate.

Previous Regular

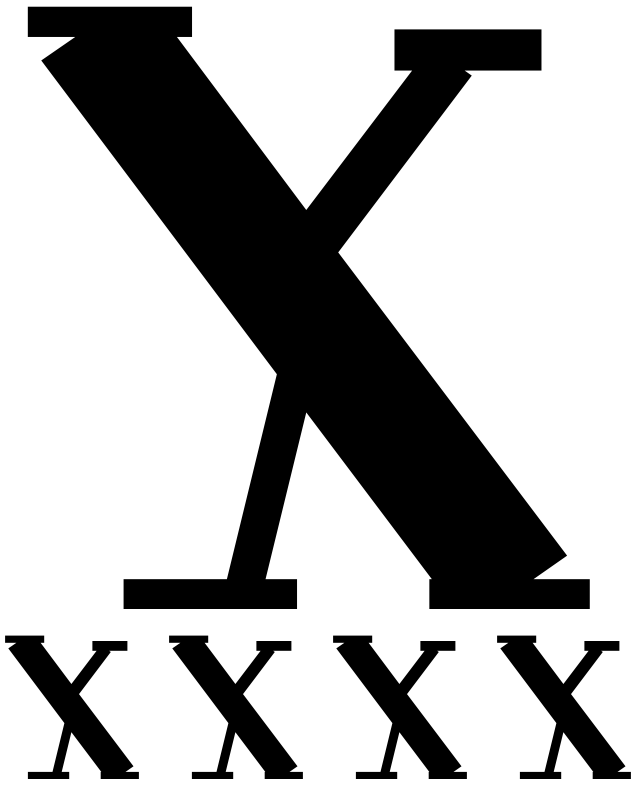


Regular: roman height

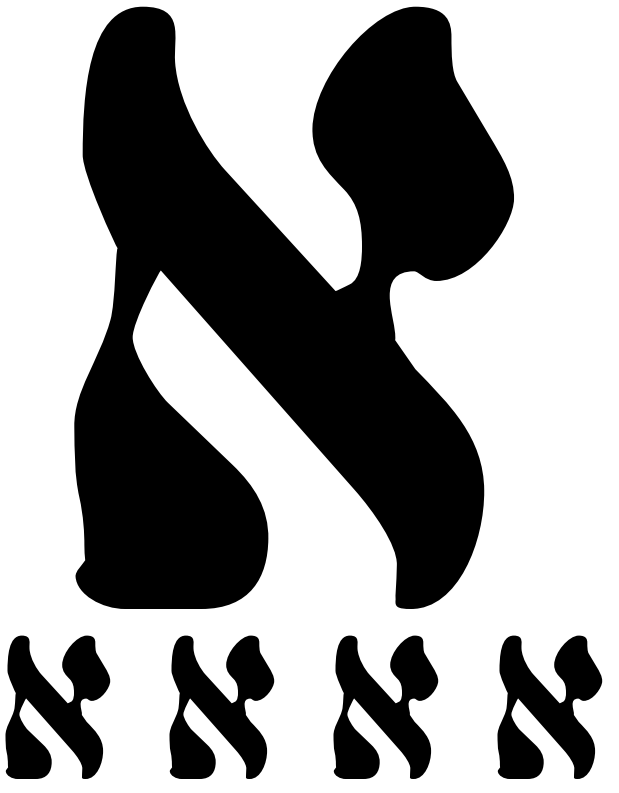
Small-cap alternate



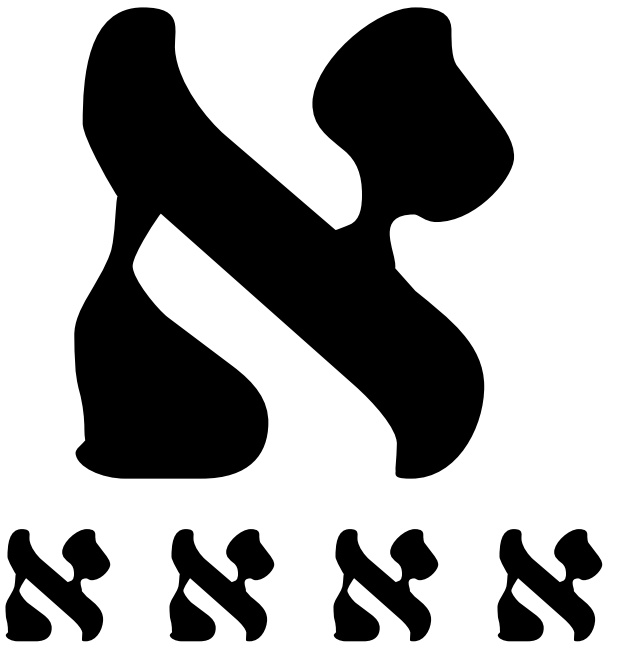
Previous Bold



Bold: roman height



Small-cap alternate



Middle: same ink height as current roman aleph. Right: original upright size, the retained small-cap alternate.

Accepted 2026-10-25. Production outlines include minor tangent rounding and explicit curve extrema.
